MICOP's TEQUIO SCHOLARSHIP FUND DESCRIPTION

Established in 2012 to inspire and encourage academic success in the indigenous community, the Tequio Scholarship Fund provides individual grants to college students from Ventura County who are of indigenous Mexican roots from the states of Oaxaca and Guerrero. The term "Tequio" describes an indigenous person's desire and obligation to assist their community. We provide these grants in the spirit of Tequio, and we seek to support highly motivated students who share this commitment to serve their community. *As you climb, may you lift your community with you.*

Grants are distributed annually to applicants selected by the Tequio Scholarship Committee.
